Markal
**ULTRA
SCAN**

THE ULTIMATE FLUORESCENT LUMBER GRADING MARKER

UltraScan, outperforms any other
lumber grading product on the market.

*ProGrade Holder
Sold Separately

Here's why:

- Highest fluorescent response for brighter marks and better character recognition
- One temperature formula
- Excellent writing qualities on all surfaces including green lumber with fungicide
- Extra long writing life for lower marker usage
- More color separation and usable colors for all grading mark readers

Other **LA·CO[®] Markal[®]** products also available.
